TREES FOR THE WINDBREAK

For best results, plant a row of Caragana or Russian Olive outside leaving a space of two rods or more, then two rows of Chinese Elm 6 feet in row, then a row of Green Ash or American Elm spaced 8 feet in row. Space 8 feet between all rows. On low ground use Laurel Leaf Willow instead of Caragana and Golden Willow in place of Chinese Elm. Caragana should be spaced 2 feet in row and Russian Olive 3 ft.

Chinese Hedgewood is a new plant that leafs out early in spring and carries its bright green leaves late in fall. Especially good for poor soils.

Russian Olive has a silver leaf and in early summer small fragrant yellow blossoms. Very attractive.

TERMS:—You may send 25% of the amount of your order (on orders of \$3.00 or more) and balance will be C. O. D.; or a 5% discount will be allowed for cash in full with the order. Stock will be shipped at proper time to plant in your locality.

PRICES:—Prices are F. O. B. Wadena and transportation will be extra, except in the case of STRAWBERRIES and EVERGREEN SEEDLINGS which are sent prepaid. Usually express is the best method of shipment, and unless instructed otherwise, we will ship that way.

GUARANTEE:—We guarantee all stock to be true to name and to be first class in every respect. Any stock delivered in bad order, so mark express slip and notify us at once.

Any stock which fails to grow the first year, will be replaced on payment of 50% of purchase price, provided we are notified by March 1st following. It is agreed that we are not liable beyond the terms of this guarantee.

We are members of The Minnesota Association of Nurserymen, which assures all purchasers of fair treatment.

All of our stock is annually inspected by the Minnesota State Nursery Inspection Service and found free from disease or injurious insects.

It is safest to buy Northern Grown nursery stock and "Minnesota Grown" is the best that can be bought due to strict regulations.
